The New Queen of the Black Moon

by MiaQc

Summary

A short and very dark fanfic in which an evil Queen Neo Serenity destroys the world after killing her husband, her daughter and maiming her friends, the Sailor Guardians.

- A translation of La nouvelle reine de la Lune Noire by MiaQc

Queen Neo Serenity had always been gentle, kind and caring toward the citizens of Crystal Tokyo, but all that changed one night when the moon was black. Queen Neo Serenity became cruel and evil. She tortures anyone who speaks against her. The crescent moon on her forehead turned from yellow to black. Her husband, King Endymion, tried to reason with her but she made him disappear with her power over darkness. By eliminating him, she also ended the life of her daughter, Princess Chibiusa.

The Inner Sailor Guardians then attempt to stop her. They all pay the price. Sailor Mercury has a severed tongue and her legs have been transformed into black crystals. She has lost her voice and is forced to use a wheelchair to get around. Sailor Mars has burns that never heal. With every step she takes, Sailor Mars feels like she is walking on hot coals. Sailor Jupiter has black thorns that constantly pierce her flesh. A rose blooms where her right eye used to be. Sailor Venus had her eyes gouged out, her face transformed into a kind of clay mask, and her voice changed into a monster's voice. She can no longer sing and no longer dares to speak.

The other Sailor Guardians, Uranus, Neptune, Saturn and Pluto do not attack the evil queen directly. Their plan is to steal the silver crystal corrupted by evil and thus stop her. Unfortunately for them, the vile Queen Neo Serenity suspects something. After introducing herself as the New Queen of the Dark Moon, she uses her power to cripple Uranus, Neptune, Saturn and Pluto.

Uranus and Neptune lose all their senses except touch. Their eyes, tongues, and ears are torn out and their noses are transformed into black crystals. Saturn loses both arms so she cannot use her Silence Glaive against the queen. They are replaced by black crystals that cannot move. Pluto loses an eye, an arm and a leg. These too are replaced by black stone.

“Now no one can end my reign!” said Queen Neo Serenity, laughing.

“There will always be someone to fight against you!” retorts Sailor Saturn. “As long as there is hope...”

“Hope? Hope, you say? There is no hope, for I will destroy this world!”

“What?” Sailor Pluto retorts. “Your Majesty, you can't...”

“If no one wants to submit to me, if my reign cannot be possible, then

I will destroy everything! The new silver crystal can stop it all. No more cycles of rebirth, no more reincarnations! ETERNAL PEACE!”

The Inner Sailor Guardians arrive at the same moment. Sailor Mars and Sailor Jupiter beg the evil queen not to do it but Neo Serenity shines her new silver crystal and everything turns white. Everyone dies. The world is destroyed forever.
